Subject: RE: FW: Message from Yellow Online - Quote for Kain St, Mt Eden

Hi Vijaya Ramakrishna,

Please find attached our Site Plan of the completed survey above.

All the relevant information are shown. We have also attached Council public drainage record for your information. The manhole in #12 Kain St was located by survey and lid level taken but we could not lift the lid (rusted) to get invert level. We searched but could not find the manhole in # 17 Kain St. Also the Council private drainage register was searched but no records found.

We have not shown any contours as the ground is generally flat and there will be hardly any 0.5m contours, but shown comprehensive spot heights covering the site.

We trust this is in order as per your request.

Thank you for the opportunity to work with you and please do not hesitate to contact us if we can be of further assistance.

Kind regards

Shyam
